# BASOIA TABLE BY SILVIA CEÑAL

VIEW ALL 16 PHOTOS

Minimalism and natural elegance at its finest, the Basoia table by Silvia Ceñal illustrates the power of simplicity. Like many of the designer's products, Basoia blends refinement and creativity while giving a nod to nature. The beautiful table has a timeless and versatile aesthetic which ensures that it blends into any interior with style. Inspired by pine forests from the region of Les Landes of southwestern France, it also takes its name from the Basque word for "forest", accentuating the link to nature.

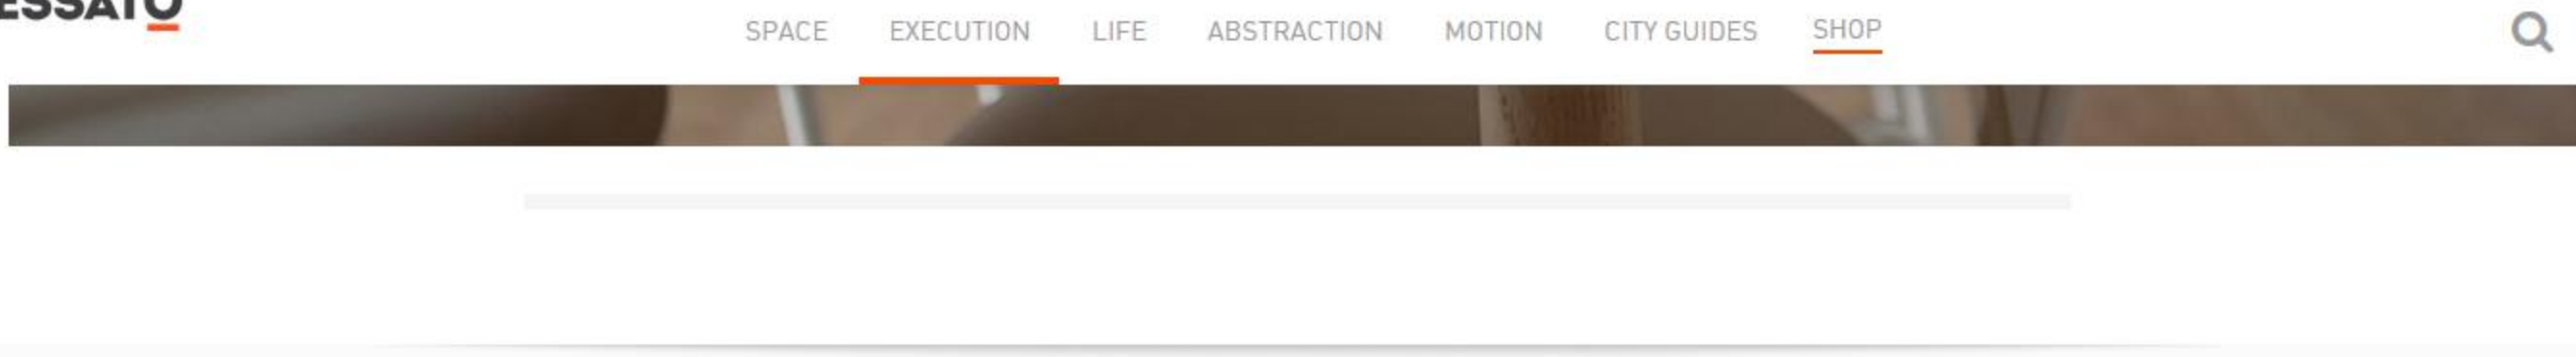

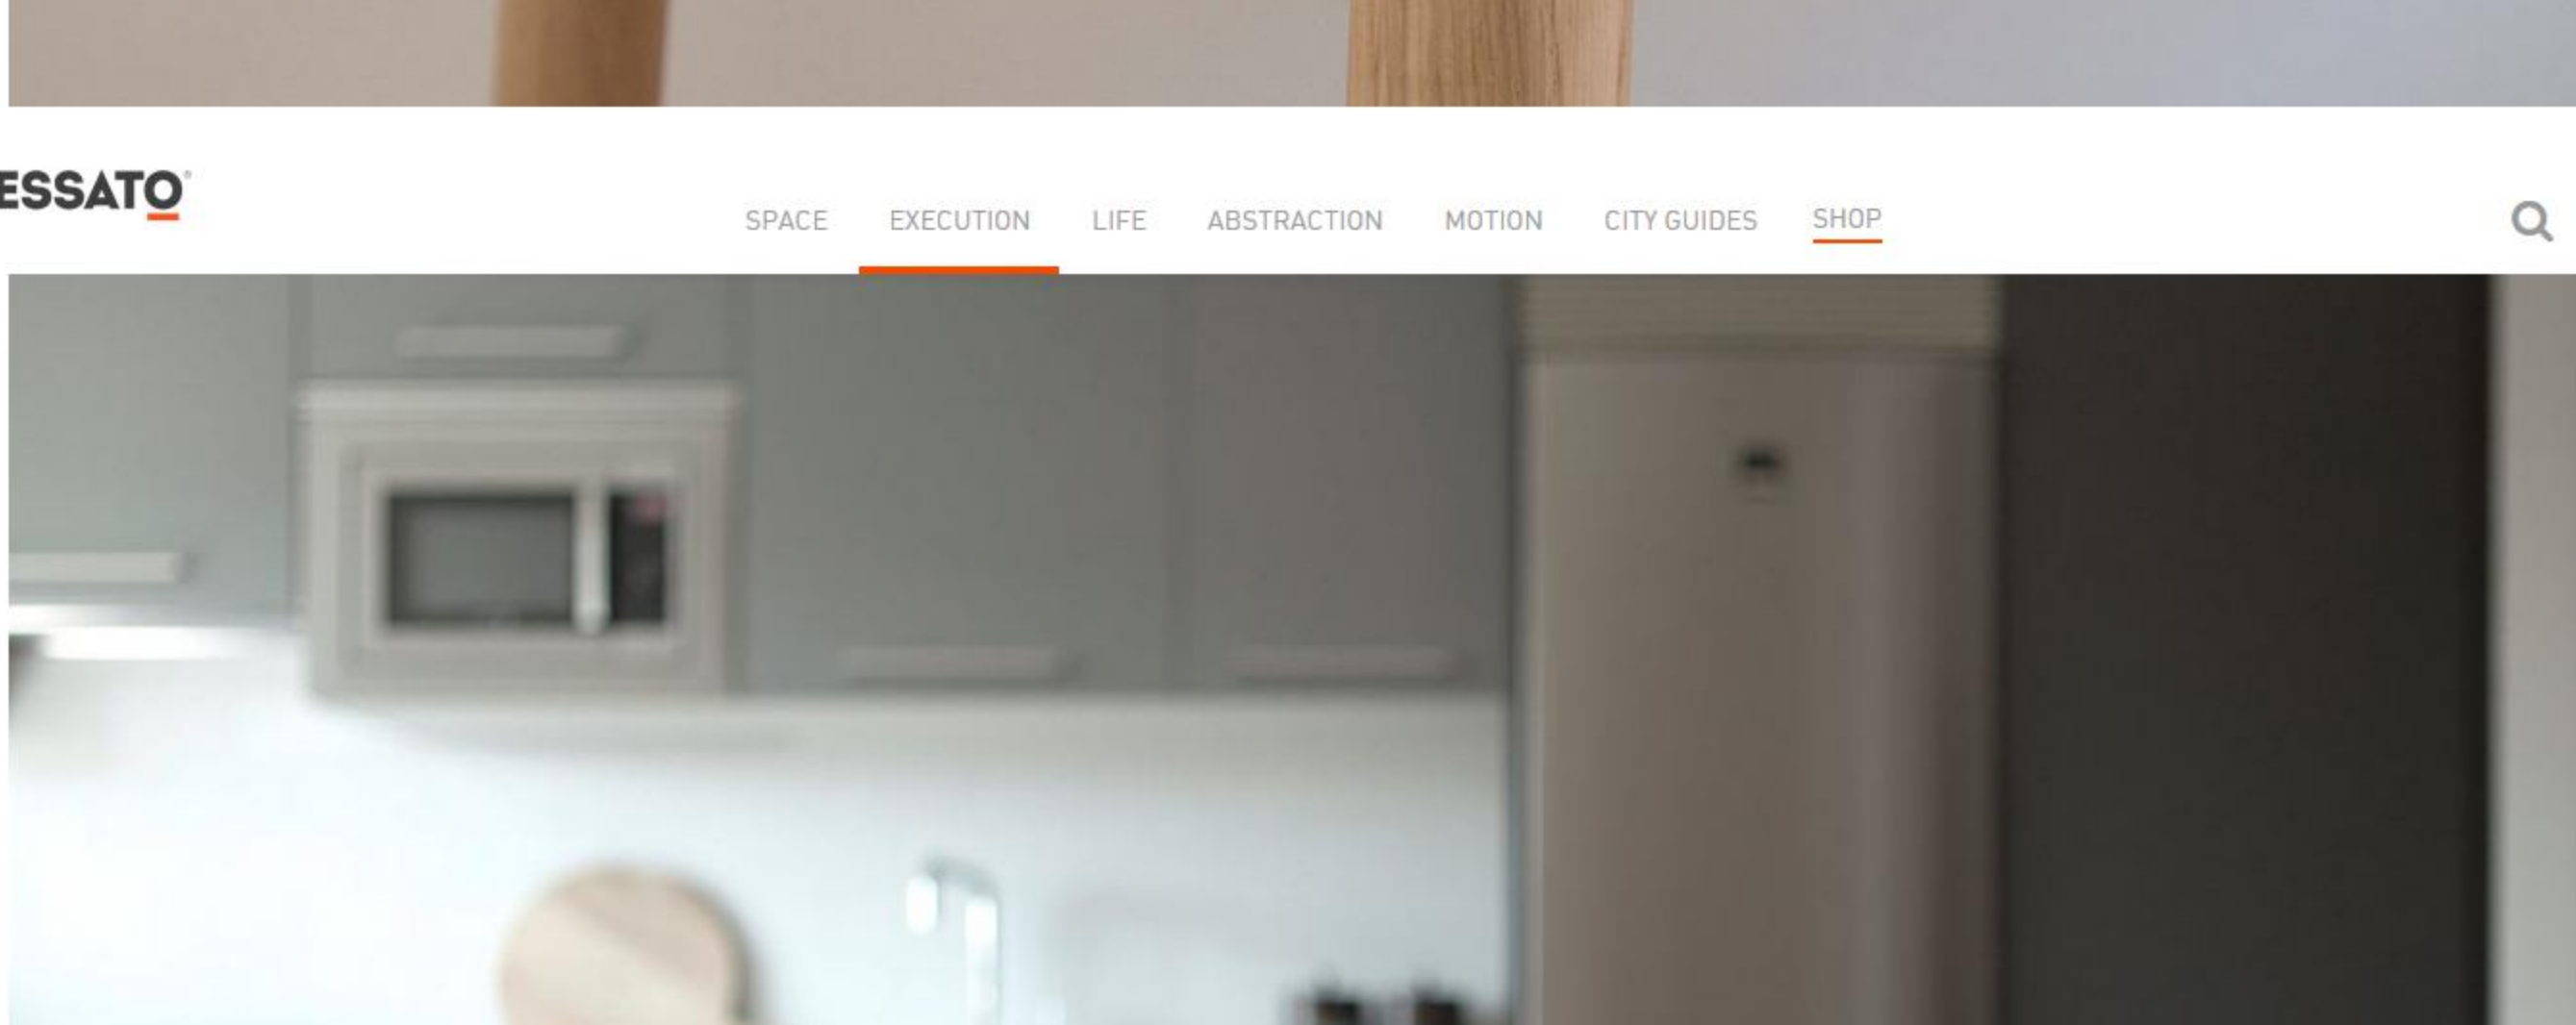

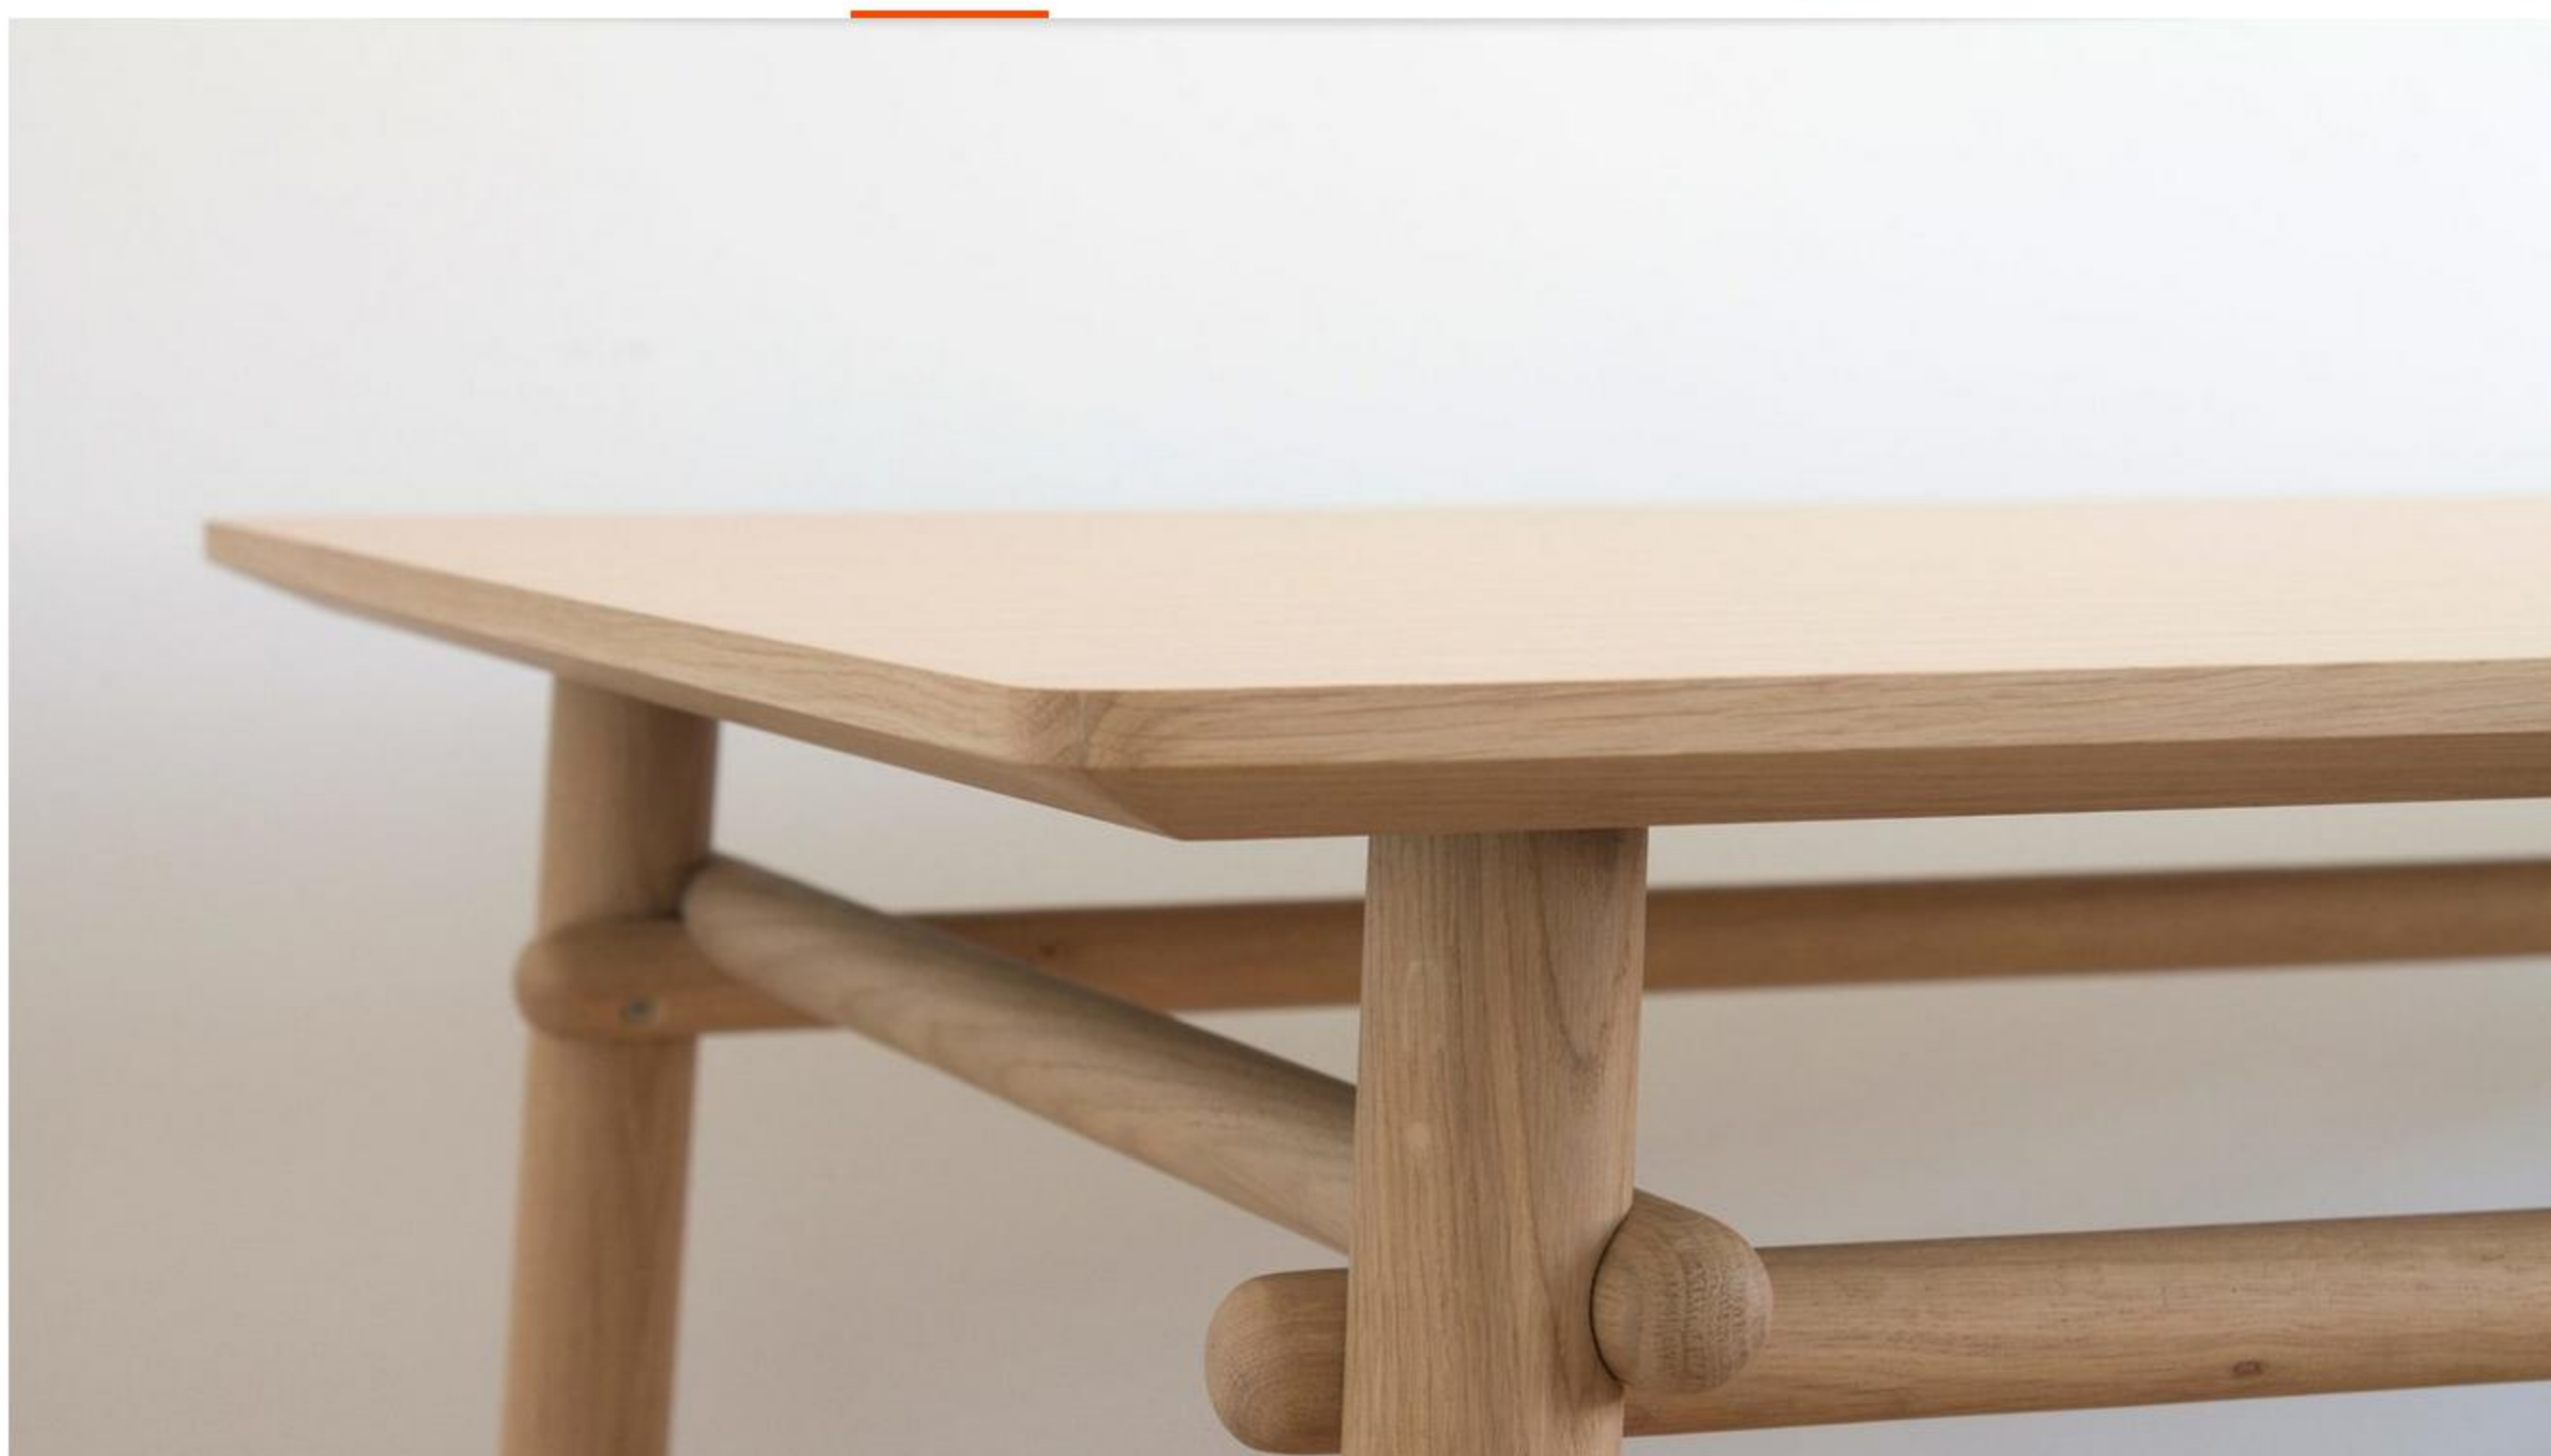

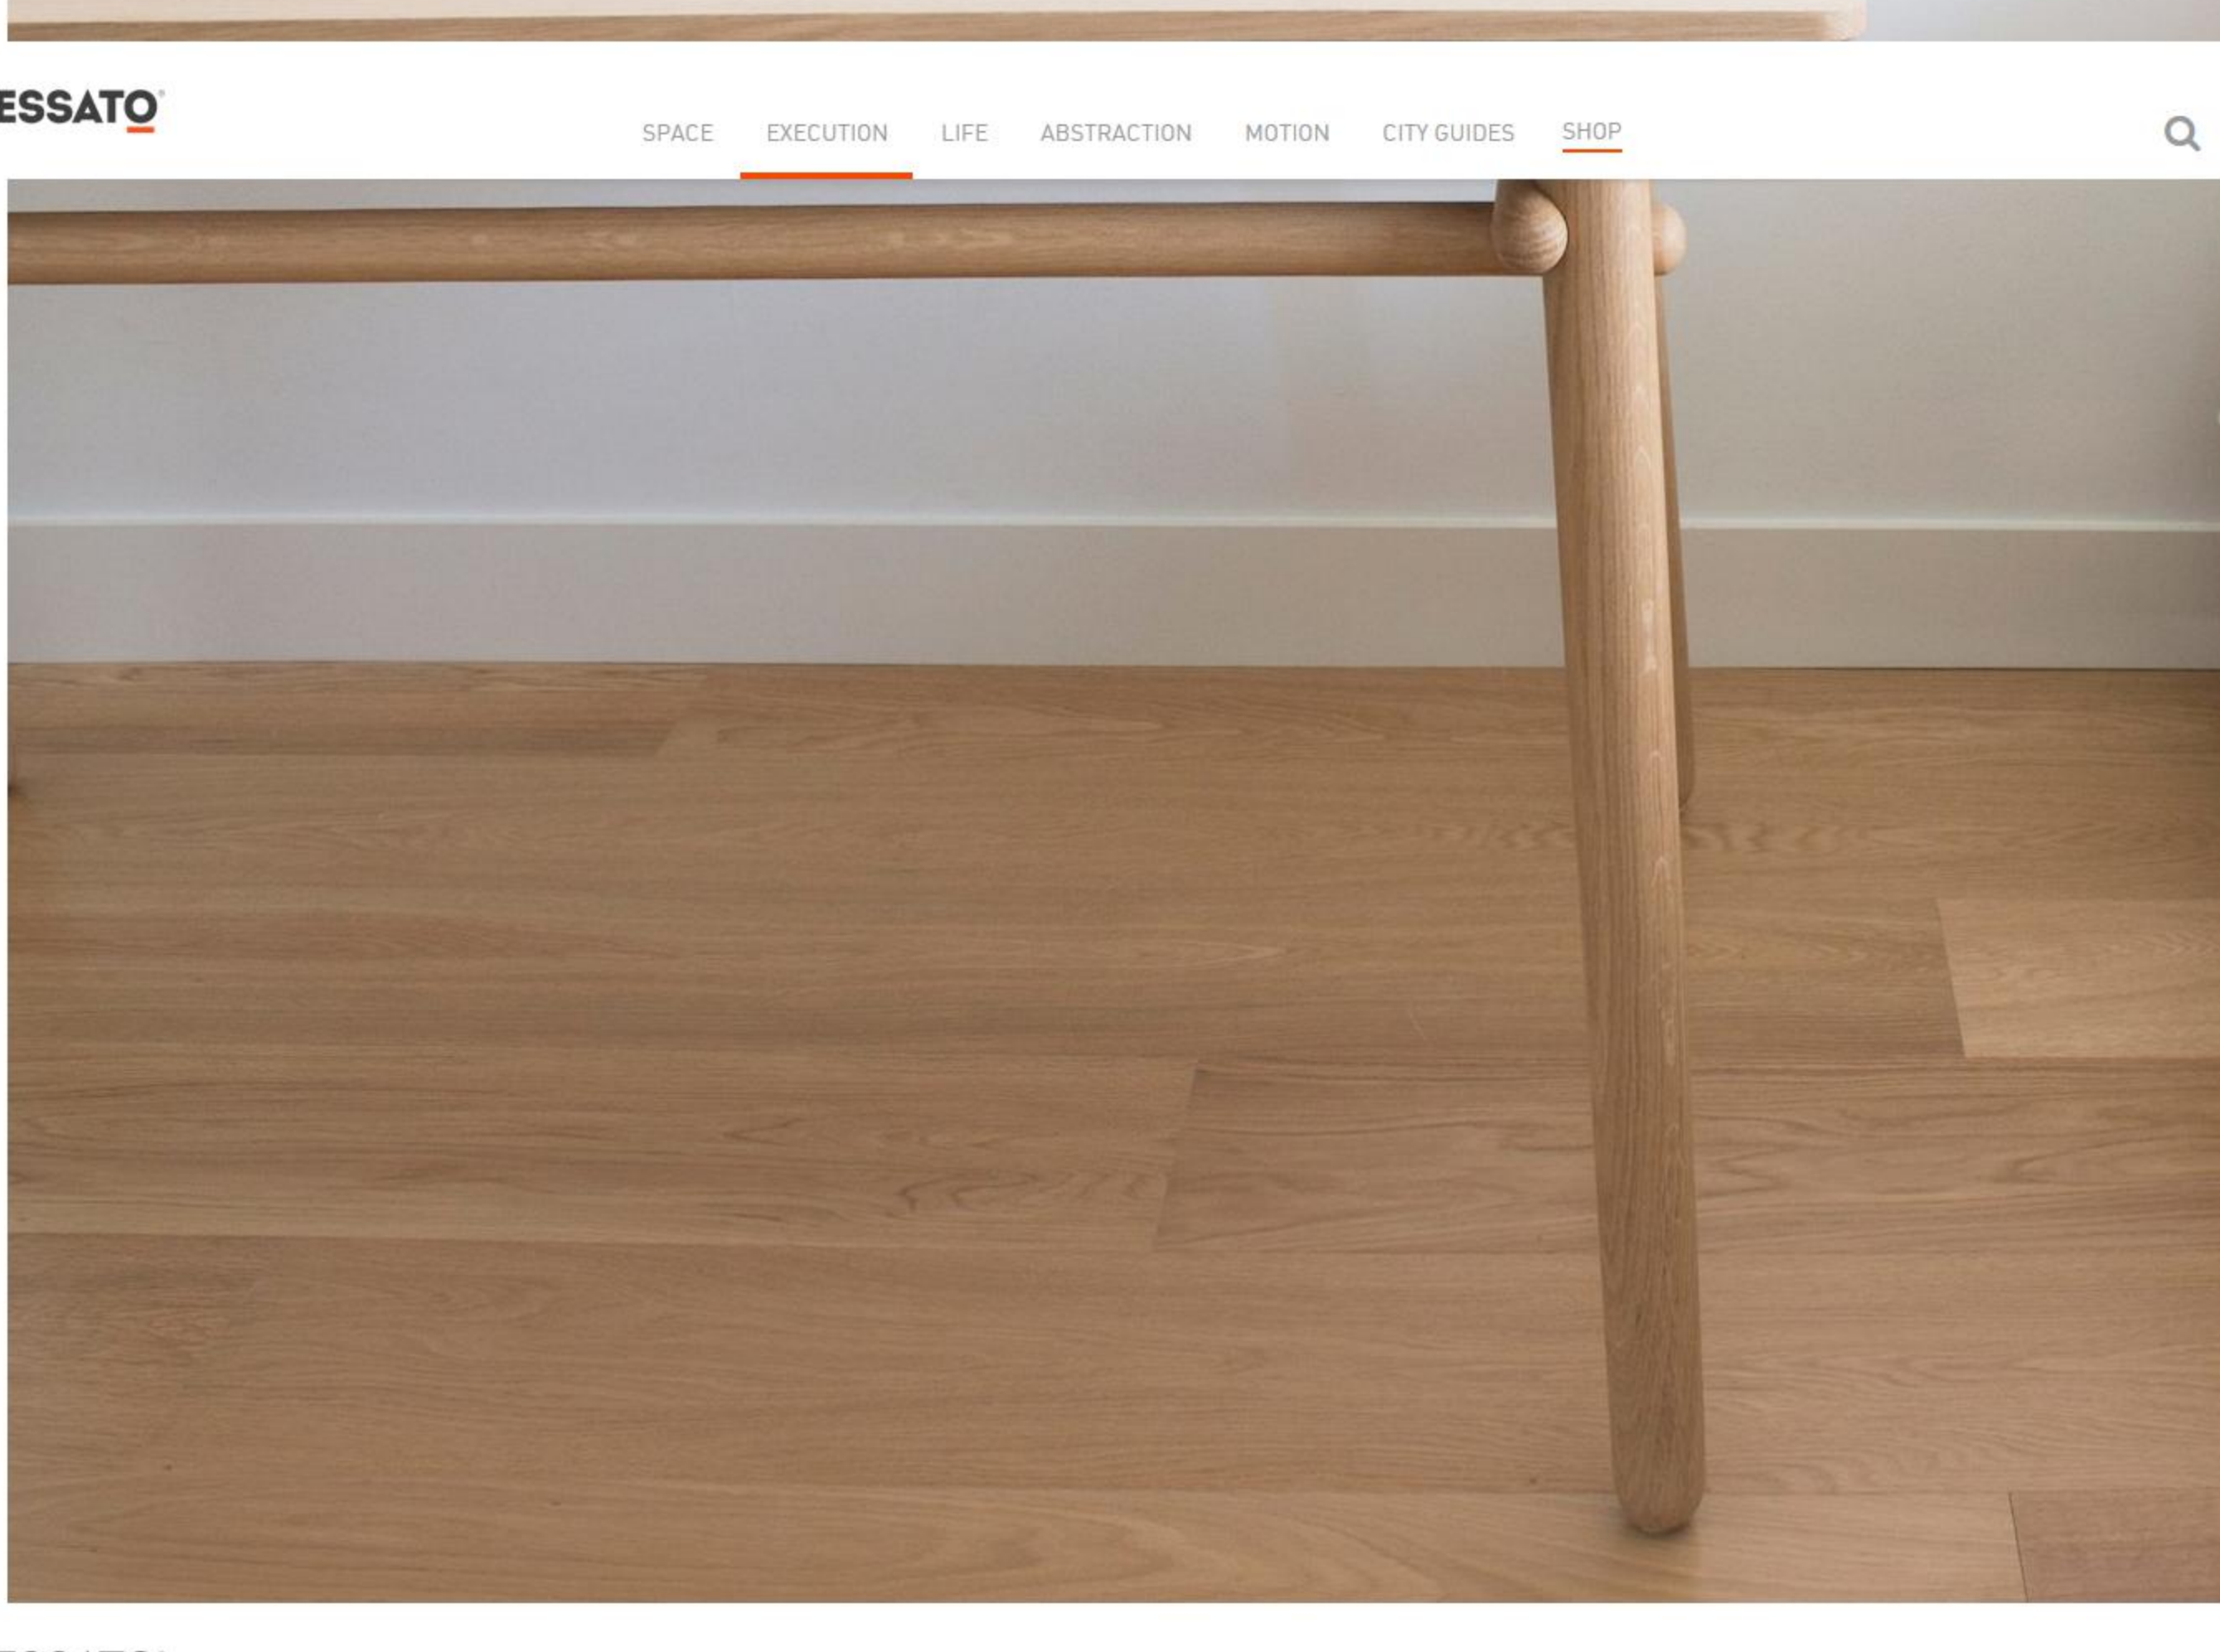

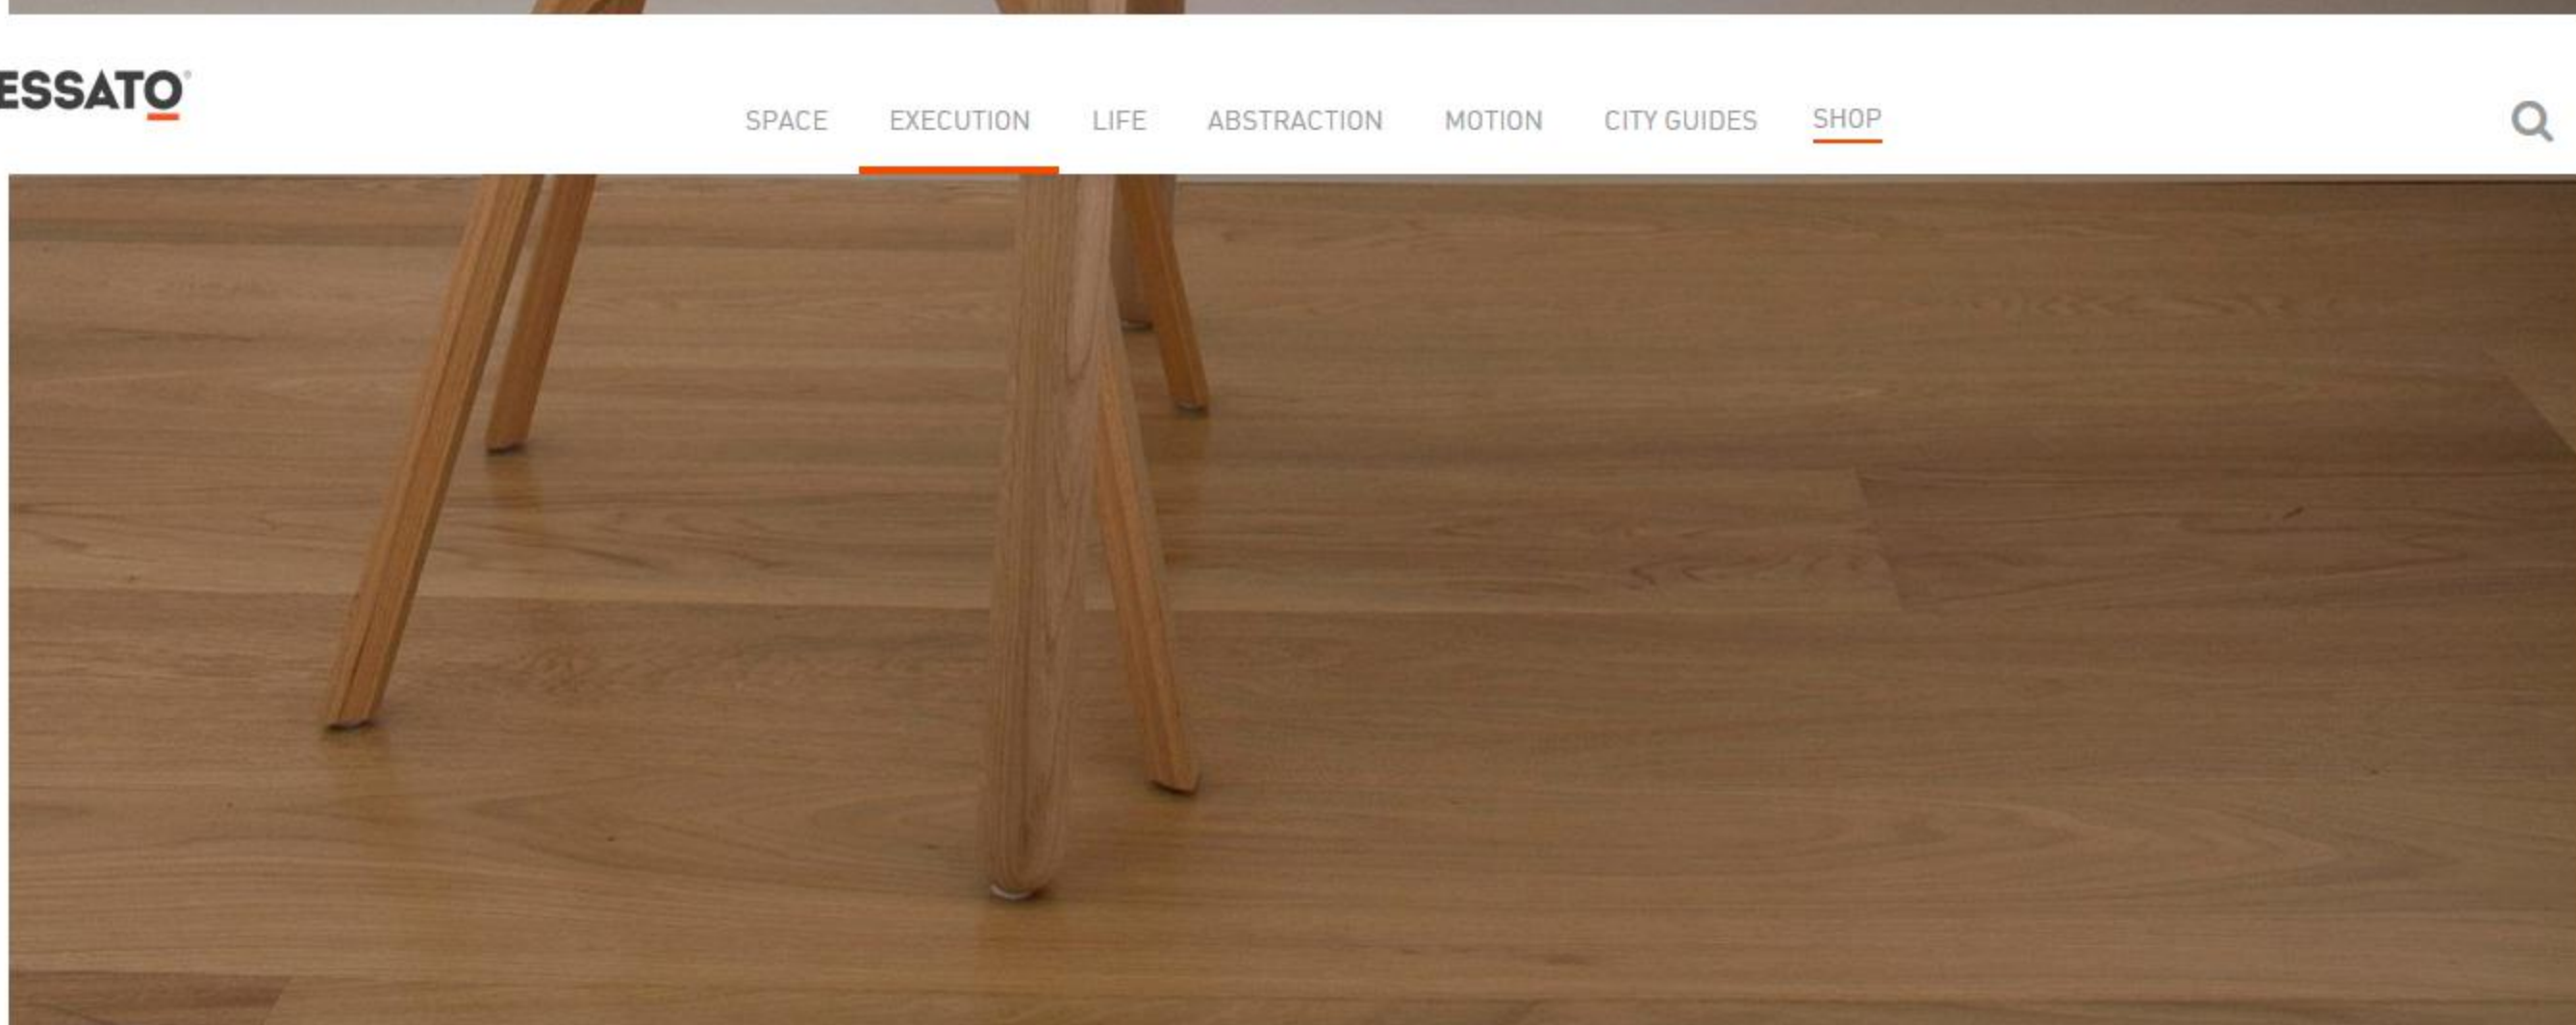

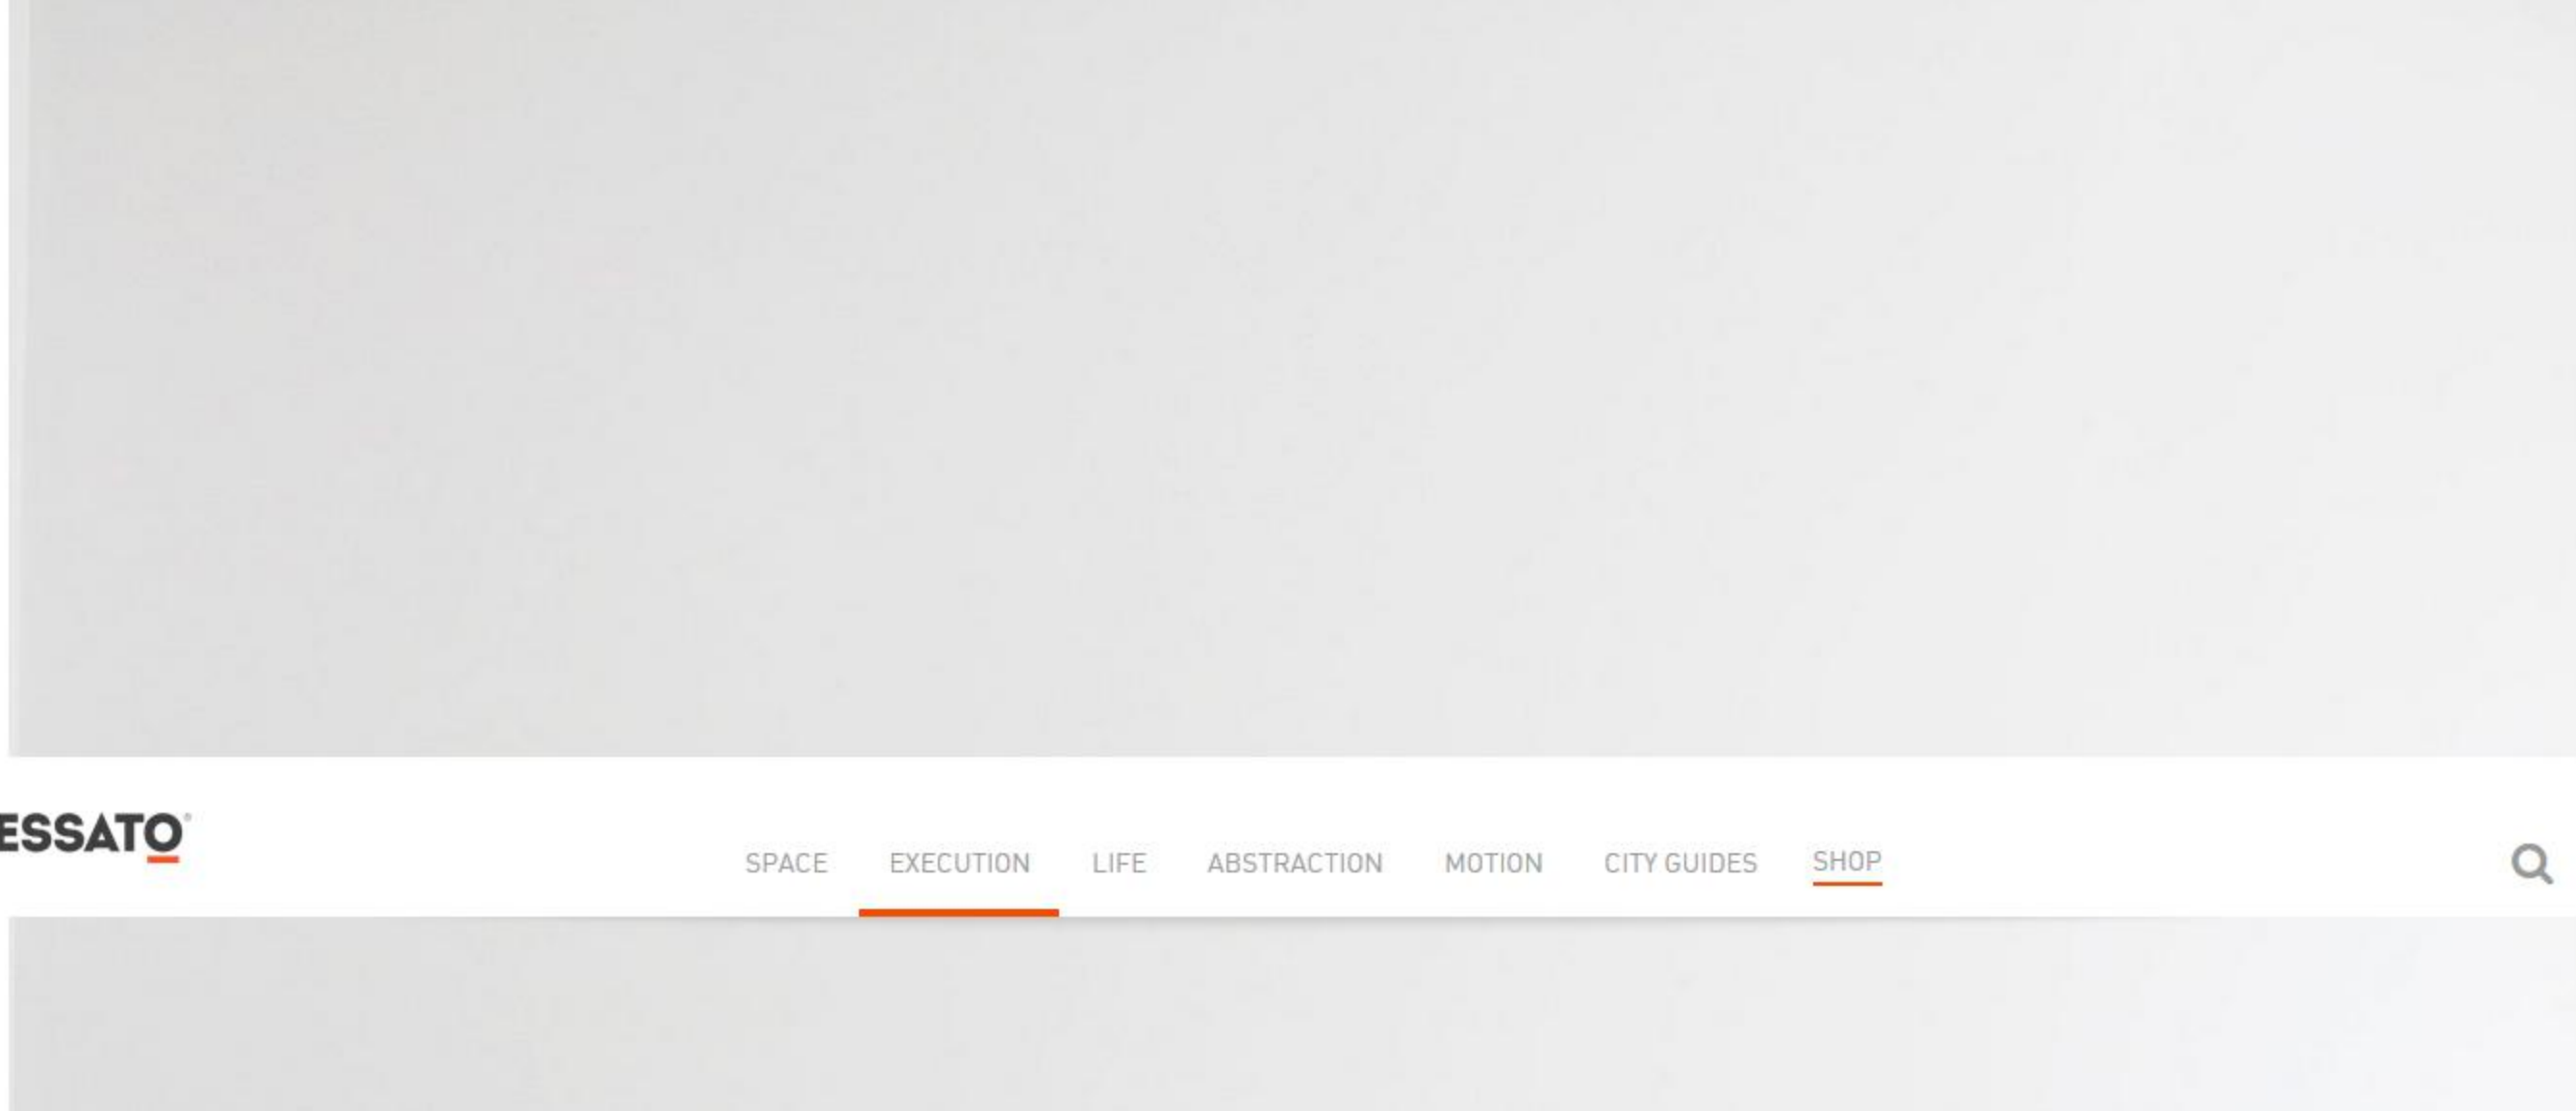

But the detail that makes it unlike other tables lies just under the surface, at the joint

### PUBLISH YOUR WORK

Calling all taste-makers: Submit your work to Gessato Blog by filling out the form [here](#). We work with your contemporary art, design, architecture, photography, fashion, and more. From looking through our posts, you should know we favor minimalist, industrial style, Scandinavian, good science, and Italian design. But we are open to other aesthetics as well. We ask only that your work be the best of its kind.
